

Yusuf Hashem is currently an early-graduate junior at Michigan Islamic Academy in Ann Arbor, Michigan. He is also dual enrolled at Washtenaw Community College (WCC). His senior project is aimed towards helping people generate electricity while exercising in the gym. He enjoys helping people do things more efficiently which led him to his idea of utilizing the energy created kinetically in the gym. His mentor is Hussein Chowdhury who is currently an electrical engineering major at XXX University. Yusuf enjoys writing poems, reading books, and hanging out with friends.
